## SUMMARY

Mainframe Developer with 4+ years of experience in COBOL, JCL, DB2, VSAM, and CICS, specializing in Banking, B2B & Financial Services domain. Skilled in application development, production support, and database management with a strong track record of delivering enhancements, resolving production issues, and mentoring team members. Proficient in scheduling tools, deployment processes, and cross-functional collaboration.

---

## EXPERIENCE

### Software Engineer

Collabera Talent Solutions Pvt Ltd. (Client: Accenture – Bank of America Projects)

Jan 2024 – Present

- Contributed to the Fees/Billing Project by developing backend enhancements for billing reports and implementing fixes to resolve production issues, ensuring accuracy and system reliability.
- Key contributor in TET (Tax Efficient Transition) project, delivering accurate billing reports and reporting modules.
- Hands-on experience with QWS3270, ISPW, dB Test, and Endeavor for code development and deployment.
- Collaborated with stakeholders on production issue resolution, scheduling (PODS, DCAR), and performance improvements.
- Worked on PMR (Portfolio Modelling & Rebalancing) project using COBOL, DB2, and mainframe tools, focusing on enhancements and database object creation.
- Evaluated new team members, led knowledge-sharing sessions, and supported onboarding in the PMR team.

### Software Engineer

Ingram Micro India SSC Pvt. Ltd, Chennai

Nov 2021 – Sep 2023

- Designed, coded, and maintained COBOL/JCL/DB2 applications supporting EDI and Inside-line orders processing systems.
- Analyzed user requirements, troubleshoot issues across platforms, and optimized performance for critical business processes.
- Delivered 10+ small-to-medium enhancement projects, improving efficiency and reducing manual interventions.
- Conducted unit, integration, regression, and QA testing to ensure code reliability in production and test environments.
- Created technical documentation to support the development lifecycles and assisted in project handovers.
- Proactively led knowledge-sharing sessions, ensuring smooth onboarding and skill development across the team.

## EDUCATION

### B. Tech in Computer Science

JNTU University, Kakinada · 2011–2015

---

## SKILLS
